

SAR-GEL[®]

BY ARKEMA

Water Finding Paste

A product of Sartomer Americas

Works with:
Gasoline
Gasoline/ethanol
(E10, E15) blends
Fuel oil
Jet fuel

Detect water
bottoms in
storage tanks
quickly and
reliably

Advantages

- Easy to apply – no messy jars, no need to mix
- No guessing – complete color change from white/pink to deep scarlet
- Faster reaction – immediate detection means less time wasted
- Easier to see water line – does not run
- Fast easy clean-up

Convenient Order Placement

610.363.4100 or 1.800.SARTOMER

Apply a small amount of Sar-Gel® paste to the end of the dip stick.

Spread the paste over the surface of the stick.

Insert the dip stick into the tank for 30 seconds.

The presence of water is indicated when the Sar-Gel® paste turns deep scarlet.

“Put an end to your fears
of major claims due to water contamination”
